The Chief Executive Officer
Degree Awarding Status Granted NSHE Institute

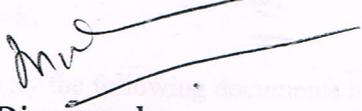

Sri Lanka Qualification Framework (SLQF)

The SLQF is a nationally consistent framework for all higher education qualifications offered in Sri Lanka. The SLQF applies to all higher educational institutions which provide post-secondary education. It recognizes the volume of learning of students and identifies the learning outcomes that are to be achieved by the qualification holders. Also it is useful to all stakeholders of higher education including students, parents, employers, as well as education and training providers

Hence, the Standing Committee on Accreditation and Quality Assurance (SCAQA) at its 29th meeting held on 11th May 2016 decided to request from the Non State Higher Educational Institutes to comply with the SLQF with regard to the degree programs approved by SCAQA.

Accordingly, you are kindly requested to incorporate the SLQF in to your systems, as in future the provisions of the SLQF will be made as a mandatory requirement for evaluation and recognition of programme reviews and proposals will be scrutinized to see whether they are complied with the above framework.

The updated version of SLQF (Sep 2015) can be downloaded from the "Higher Education for Twenty First Century Project" Website (www.hetc.lk)
