Annex I: Qualification Descriptor Compliance – Self Evaluation Template

The SLQF has two key characteristics that need to be satisfied by each qualification: *Qualification Descriptors*, and *Level Descriptors*. The template given below that captures the information related to the Qualification Descriptors, can be used to self-evaluate the study programme. Also, it would help the universities to ascertain how far the study programme that they offer complying with the SLQF.

SLQF Level of the Study Programme: ……………

	SLQF Requirements[1]	Information Related to the Study Programme[2]	Extent of Compliance[3]
Purpose and Scope of Qualification			
Attributes of Qualification Holders			
Minimum Admission Requirement			
Volume of Learning			
Designators			
Qualifiers			
Abbreviation			
Progression			

Notes:

[1]: Complete this column by appropriately inserting the respective information from the SLQF (Refer Table 3 in pages 18-25)

[2]: Complete this column by using the information developed by your faculty during the designing stage of the study programme.

[3]: With a team of fellow academic members do a self-evaluation about the level of compliance with each aspect.
