

**REPORT ON VISIT BY DIRECTOR QAC-UGC TO  
SABARAGAMUWA UNIVERSITY OF SRI LANKA, 2020**

Prof Nilanthi de Silva, Director, QAC-UGC, visited the Sabaragamuwa University of Sri Lanka on 5 March 2020 to participate in meetings on quality assurance related activities in the University. Arrangements were facilitated by Prof Chandramali Jayawardana, Director of the Internal Quality Assurance Centre.

The first meeting, from 10.00 am to 11.30 am, was with the Acting Vice-Chancellor, Prof Athula Gnanapala, the Deans of the Faculties and other members of the **Management Committee of the Internal Quality Assurance Centre** (see Annex 1 for attendance), in the Board Room of the Vice-Chancellor's Office. The Acting VC conveyed the excuses of the Vice-Chancellor Prof Sunil Shantha who had to attend an important meeting in Colombo. The Director QAC explained the purpose of her visit, following which Prof Jayawardana made a presentation on the QA systems and practices at SUSL. It was noted that the IQAC By-Laws are to be amended in the near future in compliance with recommendations in UGC Circular 9/2019. During the ensuing discussion, matters that are mentioned included funding for QA activities, including external reviews; the feasibility of adopting online feedback systems to be used by students; and the need to permit universities to develop pathways for early exit / fall-back options in their programmes of study. The Dean / Agriculture suggested, based in their recent experience with programme review, that in assigning reviewers, subject experts from Tier 1 universities should be assigned to Tier 2 universities, and *vice versa*, to prevent bias in reviewers from universities that compete with each other for students. Other matters that were discussed included the possibility of compiling a record of best practices observed in relation to each of the review criteria during Institutional Reviews; and the possibility of facilitating degree programmes to obtain ISO 9001 certification from the Sri Lanka Accreditation Bureau. The Director QAC agreed to explore these possibilities.

The second meeting took place from 11.30 am to 12.30 pm, with **the Dean of the Faculty of Applied Sciences**, Prof Udaya Ratnayake, the **Dean of Faculty of Geomatics**, Prof H M I Prasanna and the members of the Faculty QA cells, including 2 student representatives. During this discussion, the need for support staff was highlighted, and possibility of assigning a Scientific Assistant to each Faculty QA Cell was suggested. The Dean / Geomatics stated that their SER will include a cluster of 5 specializations, and requested a panel of 5 reviewers. The Dean / Applied Sciences stated their intention to submit 4 SERs and requested appointment of reviewers as follows:

1. Sport Science & Physical Education cluster: 3-member panel
2. Food Science and Natural Resources cluster: 4-member panel
3. Physical Sciences cluster: 5-member panel
4. Computing & Information Systems: 3-member panel

Student representatives spoke of the need for greater support for student research projects which are a mandatory part of their Honours degree programmes, especially for opportunities to disseminate their findings and progress to higher studies. Members of the FQAC queried the manner in which programmes that receive A grades are recognized and rewarded. Two suggestions were made in this regard: that such programmes should receive financial support to obtain international accreditation; and that the UGC Admissions Handbook should carry the information.

From 12.30 to 1.00 pm, the Director QAC visited the IQAC offices to observe facilities.

The next meeting, with the **Acting Dean of the Faculty of Social Sciences and Languages**, Prof Priyanath and members of the Faculty QAC took place from 1.30 to 2.30 pm in the Board Room of the Faculty. The Faculty QA Coordinator noted that the Action Plan for implementation of recommendations in their 2 review reports was submitted in 2018 to the QAC. It was noted that the Faculty has received an AHEAD project grant to support activities based on review recommendations. The early adoption of curricula that enable students to develop their English and IT competencies, and a mandatory internship was highlighted. The student representatives spoke of the close relationship between students and staff in their Faculty, and the absence of ragging in their university.

The last meeting for the day was with the **Dean of the Faculty of Management Studies** and members of the FQAC, in the Board Room of the Faculty of Management Studies. The Faculty QA Coordinator made a presentation which described how the Faculty, immediately after PR site visits met for a 2-day workshop to develop an integrated Quality Management System for their Faculty. The Faculty was able to obtain AHEAD project funding to implement this activity. The Action Plan to implement review recommendations has been developed according to the QAC recommended template and will be submitted shortly for approval by the Faculty Board, Senate and Council. A request to support international accreditation, in recognition of the A grades received by all programmes of study offered by the Faculty, was re-iterated. The need to emphasize and give greater weight to the role of research in quality assurance activities was also highlighted.

Prof Nilanthi de Silva  
Director, QAC-UGC
