

Group Work on Institutional Review

1. Read the criteria assigned to your group and give a brief introduction as to its impact on the graduate profile/program outcome
2. Write 5 – 10 essential points you would hope to see regarding the criteria in the SER.
3. Write up to 3 other pieces of evidence you would like to see for this criteria (other than what is already in the manual)
4. Write up to 3 good practices you would like to see which are adopted by the program.
